- And finally..... the singing! The words for the songs will be on a projector screen on the wall for us all to follow and the leader Becky will be stood at the front at safe distance to lead the songs and operate the music. Please sing like no one is listening and let yourself go! Whilst we may break into a gentle sway or clapping, please try to stay in front of your chair where ever possible so we do not breach the 2m rule. Due to covid there will be no conga lines at our sessions for the time being.
- THANK YOU for following this guidance and making our session as safe and as awkward free as possible, we are all responsible for helping to keep your choir safe but its easy if we follow the rules we are all used to by now and use our common sense. These rules are set by the government and we are indeed breaking the law if we fail to follow them. The sessions will still be a huge amount of fun as long as we are singing like no one is listening!
